FALL 2025

## MENSWEAR FALL 2025

For Fall, we return to our brand heart in New York City. There's a trans-seasonality that echoes the change in season, with lightweight layers that effortlessly transition from the office, to a lunch in Central Park and evening out in the city. As Fall comes into full swing, our brand DNA comes to life through a modern interpretation of prep, new heritage crest applications and pops of red, white and blue. With winter in sight, we retreat upstate with richer textures, cord and outerwear to cozy up in.

The collection reinterprets menswear with a fresh twist on layering and a strong claim on new prep. Twill shirts are revisited with new tartans; barn jackets and overshirts feature modern detailing; rugbys champion our heritage palette. Wool is a major focus for the season in luxurious knits, outerwear and trousers. The color-card runs from sage and neutrals to iconic red, white and blue. Dress casual pieces and a continued evolution of Tommy Performance combine timelessness and innovation in all-new wardrobe essentials.
